

KEY STAND INFO

- All stands are built with 2.3m high charcoal/black wall panels
- Please do not construct your display higher than 2.3m
- Wall panels are 45mm thick, and for those wishing to hang a heavy amount of weight or anything out of the ordinary please contact Adam
- Get in touch with Adam if you are using a hanging bracket that has an impact on your neighbours wall space.
- Only certain methods are permitted for affixing to wall panels. Please see below

For more information on stand logistics, please contact Adam@aradapromotions.co.nz

FIXING TO YOUR STAND PANELS

You can use:

- Velcro (you only need the HOOK side)
- We recommend industrial velcro, which you can order through us
- Drawing Pins (MUST be removed after)
- Staples (MUST be removed after)

Do NOT use

- Tape, blue tack etc
- Nails, tacks, screws

If you have something heavy to hang and want to know the best way to do this, contact Adam.

Any damages to panels, flooring or similar will be billed to the exhibitor.
